

HIMANSHU MISHRA

| anshulmishra2555@gmail.com | linkedin.com/in/himanshu-mishra-1a58a7325 | github.com/himanshu-mishra-dev

TECHNICAL SKILLS

Core Competencies: Data Structures & Algorithms (DSA), Problem Solving, Object-Oriented Programming (OOP)
Languages: Java, C, Python, JavaScript, HTML, CSS
Frameworks & Libraries: LangChain, LangGraph, Streamlit, React, Node.js, Express.js, Sentence Transformers, RAG
DevOps & Databases: Git, GitHub, SQLite, ChromaDB, MongoDB

EXPERIENCE

Full Stack Web Developer Intern Aug. 2026 – Oct. 2026
NIELIT Lucknow, U.P., India

- Mastered full-stack web development principles by connecting front-end interfaces with scalable back-end services using the MERN stack.
- Engineered real-world software applications utilizing MongoDB, Express.js, React, and Node.js to address complex domain requirements.

Agentic AI Developer Intern June 2026 – July 2026
Softpro India Lucknow, U.P., India

- Gained hands-on experience in Generative AI architectures, Agentic AI patterns, and workflow automation.
- Architected AI-powered applications incorporating Retrieval-Augmented Generation (RAG), LangChain, and LangGraph for intelligent automated solutions.

PROJECTS

Data Structures & Algorithms Repository / *Java, C++, DSA* github.com/himanshu-mishra-dev/DSA

- Implemented foundational and advanced data structures including Linked Lists, Trees, Graphs, Hash Tables, and Heaps.
- Solved complex algorithmic challenges utilizing dynamic programming, greedy strategies, recursion, and search/sort techniques.

AI-DocChat / *Python, Streamlit, Groq API, Sentence Transformers, RAG* github.com/himanshu-mishra-dev/DocChat

- Engineered a conversational document search platform utilizing Retrieval-Augmented Generation (RAG) to process PDF, DOCX, and TXT files.
- Integrated Groq API for rapid LLM inference and Sentence Transformers for high-dimensional semantic embeddings and file handling.

Chat-With-Database / *Python, LangChain, Streamlit, SQLite, Groq LLM* github.com/himanshu-mishra-dev/Chat-With-Database

- Developed an AI-powered conversational SQL interface allowing users to query relational databases via natural language.
- Leveraged LangChain to map natural text into precise SQL queries, executing retrievals against SQLite databases and returning synthesized summaries.

Number Guessing Game / *HTML5, CSS3, JavaScript* github.com/himanshu-mishra-dev/Guess-Num

- Designed and implemented an interactive web game featuring dynamic hint logic, random number generation, and attempt constraints.
- Built a responsive front-end user interface utilizing native HTML5, CSS3 styling, and modular JavaScript DOM manipulation.

EDUCATION

Rajarshi Rananjay Sinh Institute of Management and Technology Amethi, U.P., India

Bachelor of Technology in Computer Science & Engineering 2024 – 2028

MJS Inter College Gauriganj, Amethi, U.P., India
Intermediate (12th Grade) – UP Board (Percentage: 78.8%) 2023

MJS Inter College Gauriganj, Amethi, U.P., India
High School (10th Grade) – UP Board (Percentage: 86.0%) 2021
